NOTICE OF PUBLIC HEARING GREAT BASIN UNIFIED AIR POLLUTION CONTROL DISTRICT CONSIDERATION OF RENEWING RESIDENTIAL BURNING EXEMPTIONS

The Governing Board of the Great Basin Unified Air Pollution Control District (Governing Board) will conduct a public hearing to consider whether to submit a request to the California Air Resources Board (ARB) for the renewal of discretionary exemptions allowing the continued use of burn barrels within the boundaries of the Chalfant Valley Fire Department and White Mountain Fire Protection District. The ARB granted a 10-year discretionary exemption on January 1, 2004, for residents in these two areas to burn dry vegetative waste, non-glossy paper and cardboard in burn barrels in accordance with provisions of their Airborne Toxic Control Measure to Reduce Emissions from Outdoor Residential Waste Burning (California Code of Regulations, Title 17, Section 93113). If requested by the Governing Board, and granted by ARB, the renewal would allow another 10-year period starting January 1, 2014.

The public hearing will be conducted at a regular meeting of the District Governing Board to be held at 10:30 AM on Monday, July 15, 2013, Alpine County Administrative Center, Board of Supervisors Chambers, 99 Water Street (State Highway 89), Markleeville, California 96120. The proposed request will not be decided upon at this meeting but will be considered at the Governing Board's next regular meeting, tentatively scheduled during September 2013.
