

Outlook for Valley to Valley

Smoke: Yesterday smoke was good to moderate throughout the region for most of the day, except for Oakhurst, where residual smoldering from the Railroad Fire is still creating light local smoke overnight and morning smoke. Though dispersion remains poor today and tomorrow, all sites areas are likely to stay in the good/moderate range unless we have new fire activity.

Fire: Smoldering emissions from the Railroad Fire continue to decline. More strategic firing on the the South Fork Fire and the Empire Fire is unlikely today. Both Yosemite fires received substantial wetting rain, and activity should be minimal today under continued high humidity and light winds. Tomorrow should be similar.

Other: Denser smoke for short periods can aggravate symptoms for sensitive persons without changing 24-hr AQI levels. Note: AQ forecasts below reflect only particulate matter - not ozone.

Daily AQI Forecast for Sep 12, 2017

Station	Yesterday hourly	Mon 9/11	Forecast Comment for Today -- Tue, Sep 12	Tue 9/12	Wed 9/13
Bridgeport		●	Good all day	●	●
Lee Vining		●	Good all day	●	●
Mammoth Lakes		●	Good/moderate all day	●	●
Yosemite Village		●	Good/moderate all day	●	●
Groveland		●	Good/moderate all day	●	●
Mariposa		●	Light mid-morning smoke possible; otherwise good/moderate	●	●
Oakhurst		●	Light night & morning smoke possible, clearing to good/moderate in afternoon	●	●
Coulterville		●	Good/moderate all day	●	●
Pinecrest		●	Good/moderate all day (other than local campfire smoke)	●	●

Issued Sep 12, 2017 by Leland Tarnay, Air Resource Advisor

Air Quality Index (AQI)	Actions to Protect Yourself
● Good	None
● Moderate	Unusually sensitive individuals should consider limiting prolonged or heavy exertion.
● USG	People within Sensitive Groups* should reduce prolonged or heavy outdoor exertion.
● Unhealthy	People within Sensitive Groups* should avoid all physical outdoor activity.
● Very Unhealthy	Everyone should avoid prolonged or heavy exertion.
● Hazardous	Everyone should avoid any outdoor activity.

Disclaimer: Forecasts may be wrong; use at own risk. Use caution as conditions can change quickly. See your health professional as needed. Smoke sensitive groups should take appropriate precautions.
