

Outlook for Valley to Valley

Smoke: A strong high pressure system remains over the area which continue to bring in hotter and drier conditions and light terrain-driven. Oakhurst, Mariposa and Ponderosa Basin will see more smoke impacts in the morning then clearing in the afternoon due to their proximity to the fires. Still expect potential morning smoke in the Central Valley. The Eastern side of the crest may see smoke impacts in the evening and overnight. Intensity of smoke will depend on the activity of the fires.

Fire: South Fork: <https://inciweb.nwcg.gov/incident/5502/>
 Empire: <https://inciweb.nwcg.gov/incident/5475/>
 Railroad: <https://inciweb.nwcg.gov/incident/5553/>

Other: Dense smoke for short periods can aggravate symptoms for sensitive persons without changing 24-hr AQI levels. Note: AQ forecasts below reflect only particulate matter - not ozone.
