JOB ANNOUNCEMENT

Air Monitoring Technician I/II

Salary Range:	Range 28 (AMT I) \$6,025-\$8,078 per month plus benefits Range 38 (AMT II) \$6,655-\$8,923 per month plus benefits
FLSA Classification:	Non-Exempt
Bargaining Unit:	Non-Management

The Great Basin Unified Air Pollution Control District is seeking an Air Monitoring Technician I/II to support the District's air quality monitoring program. This is a full-time, in-person position based out of the District's Keeler field office on Owens Lake, with a reporting location in Lone Pine, CA.

This hands-on technical position installs, operates, maintains, calibrates, and repairs air quality and meteorological monitoring equipment; troubleshoots instrumentation; collects and reviews data; and performs fieldwork at monitoring sites throughout the District. Duties include routine servicing and preventive maintenance; calibrating instruments to District, State, and Federal specifications; troubleshooting and repairing equipment; collecting and reviewing monitoring data; maintaining accurate station and instrument records; and assisting with the installation and setup of new monitoring equipment.

The position requires the ability to work in the field, perform detailed documentation, and work independently and as part of a team. The position includes both office and fieldwork and requires the use of hand and power tools, driving, climbing ladders, and working outdoors in a variety of weather conditions. Frequent travel within the District is required.

For a complete job description, including required qualifications, and instructions on how to apply, please visit www.gbuapcd.org/employment or <https://gbuapcd.bamboohr.com/careers> .

Applications must be received by 11:59 pm on November 6th, 2026
